WHAT SETS MoADSA APART?

After 34 years in operation, the Missouri Adult Day Services Association (MoADSA) continues to be the finest trade association for the adult day services industry in the Show Me state. It is our mission to maximizing the independence, well-being, and health of older adults, people with disabilities, and their families/caregivers through the growth and development of adult day services and services to its members.

MoADSA delivers invaluable resources, timely education through regional meetings, annual conference, and unified advocacy year-round.

- **Who is representing and advocating for your adult day services issues of concern to you?**
- **How do you keep up-to-date on important State and Federal issues?**
- **Do you regularly communicate and network with your peers about adult day services issues and concerns?**
- **Do you have access to affordable education and resources specific to your needs?**

We know that times are tough and we appreciate each and every one of our members' support and dedication. Let MoADSA be the industry association that fights for you and your future!

Join with the Missouri Adult Day Services Association and get connected!

Your Guide to Membership

What's In Store As A MoADSA Member?

Benefits of Membership:

Creates “one place, one source” for all you need to know to be a current and informed provider.

State-wide strong network of providers that collectively is proactive with issues pertaining to audits and inspections; improving consistency in the interpretation of regulations.

Be an active part of the team working in partnership with various state agencies that govern ADCs.

Join to assist with pursuit of having your ADC service cost included as DHSS considers ADC reimbursement rates.

Be kept informed of program changes and be a part of the process by signing up to work on a Committee (Membership, Legislative or Education). **Get the most out of your membership by being involved!** Be a leader in this industry.

Adult Day Care Directory - distributed to hospital social workers/discharge planners, legislators, etc. and it is accessible online on our website for prospective participants to view.

Advocacy Day - Our goal is to educate legislators on the services we provide and how we should be a key consideration in lowering healthcare costs as an alternative to assisted living and long term care facilities. MoADSA needs the voice of all ADC providers in Missouri to help address this goal. We continue to grow and meet the needs of providers but we need members to assist with making a difference and to impact future legislative efforts. Join us as we talk with legislators about the importance of ADC's, how we save the state money and the challenges providers face, which should be a priority in 2022.

Annual Conference - Attend the MoADSA annual conference at a discounted rate. It's a great place to network, hear from state regulatory agencies, educate your staff and see presenters that will broaden your knowledge.

Education/Training - staff can attend education events that will increase his/her knowledge base, help meet regulatory requirements, and enable staff to better serve your participants.

Website – “Members Only” section provides education resources, and up-to-date information affecting ADC providers.

With the upcoming changes to the Level of Care and the proposed algorithm, our focus has been, and will continue to be to work with DHSS to ensure our clients will continue to receive services under this new assessment tool. We will continue to work with the MO Alliance for Home Care and their Lobbyist this legislative session to restore cuts to the reimbursement rates.

DO YOU KNOW THAT...

- ◆ CMS has made revisions to the service definitions and regulations? The state is in the process of implementing the changes, revising regulations and MoADSA has been part of this process. We will continue to work with DHSS to ensure the proposed regulations, as we discussed, are filed.
- ◆ MoADSA has an open relationship with some of the top staff at the state departments that regulate and audit ADCs; such as Department of Health and Senior Services, Department of Social Services, Missouri Medicaid and Compliance Unit, and the Department of Mental Health. MoADSA continues to host staff from key State Agencies to present information and updates each year at our Annual Conference. It gives our members an opportunity to meet with them face to face and to discuss concerns and ask questions.
- ◆ As part of the HCBS Transition Plan required of the States by CMS proceeds to rollout, MoADSA continues to collaborate with the state agencies to ensure this transition is presented and understood by all. We offered a session on how to incorporate patient centered care in your ADC at the summer membership meeting this year. There is much to do so join with us to accomplish our goals.

Our industry is facing more regulatory burdens and hurdles than ever before. The MoADSA team continues to be dedicated in providing top-notch resources, education, and advocacy so that you can not only overcome these challenging times but thrive and grow.

We know that times are tough, but we appreciate each and every one of our members' support and dedication to our industry. At the end of the day, we are fighting for your industry, your voice and your future!
